

# UiPath Ranks

## Robo Explorer

- 0 Superbadge
- 0 Points

You just joined Connect and you are exploring what every territory of the Platform and how it works. Right now, just focus on discovering new UiPath territories, what the Ecosystem has to offer and start a course on the Academy. Enjoy the ride!

## Robo Cadet

- 1 Superbadge
- 150 Points

You finished foundation and joined the Forum. Your journey with UiPath Connect started and now you are already exploring the UiPath Ecosystem, to observe and even contribute from time to time.

## Robo Seer

- 3 Superbadge
- 400 points

Finished the mandatory learning phase (all 3 RPA Dev courses).  
Started engaging in the forum

You are already familiar with UiPath Academy and started being engaging on the Forum. You know your ways around RPA. The next step is to upload components on Go! and projects on Connect and show the whole world your awesome work! Things are getting exciting!

## Robo Elite

**5** Superbadges  
**1000** Points

You completed most training modules and are active forumer. You know the Connect environment territory and its perks. You already have a large network of people and projects that you follow and you are being followed by many people. You are active on the Forum and even uploaded components and projects. Start sharing your knowledge with others and help them learn also.

## Robo Overlord

**7** Superbadges  
**2000** Points

Uploaded components, joined projects. Potentially, you created a custom course or an RPA challenge. Maybe you even participated in UiPath events or hackathons. You are one of the few in RPA. You know all the territories of UiPath Connect and are a trusted member in it. Your answers to questions on the Forum are a common thing. It's time for you to get

## Robo Titan

**10** Superbadges  
**3000** Points

You won Hackathons and RPA Challenges. You were a speaker at a UiPath event. You are followed by a lot of people and you share your vision with others. You lead by example and your involvement in the RPA world is noticed and appreciated (thank you for that!). You bring innovation to the automation world. Please share your ideas with us!
